Employment Centers

This map shows where large concentrations of employers reside within Leavenworth County.

Competitive Industries

Leavenworth County's top 10 competitive industries are listed by their location quotient. A location quotient shows how the county compares in a particular sector to national numbers. A quotient of one means the county has the same percentage of its workers in that industry as the nation. A number below that means the percentage is lower than the national number, and a number greater than one means the county has a higher percentage of workers employed in that sector.

Competitive Industries - 2017

NAICS Code	Description	Location Quotient	Employment
928	National Security and International Affairs	23.28	2,032
487	Scenic and Sightseeing Transportation	13.26	72
482	Rail Transportation	6.83	218
314	Textile Product Mills	3.76	68
922	Justice, Public Order, and Safety Activities	3.60	1,026
323	Printing and Related Support Activities	3.44	241
111	Crop Production	2.73	344
333	Machinery Manufacturing	2.45	398
327	Nonmetallic Mineral Product Manufacturing	2.30	145
921	Executive, Legislative and Other General Government Support	1.85	849
